And introducing for the 2019 Season...

THE STUNNING AURORA SAILCLOTH TENT

Elegant - With high peaks and beautiful wooden poles this traditional tent from the US is striking at first sight.

Luminous - The almost opaque roof of the tent lets light through during the day - a photographer's dream and lights up at night when it is time to party.

Spacious - We have four sizes of tent with capacity for 100 up to 350 guests. And still room for a bar and dance floor!

Rustic - With its wooden centre and side poles this tent looks amazing with our traditional wooden furniture or can be dressed more traditionally with round tables and banqueting chairs.

Versatile - They can be cool with open sides in the summer or the clear sides can be left in place to protect you from the elements but still able to see the view.
